Lord Waverley: First In, Best Dressed — UK's Bid to Join Key Regional Trade Agreement

18 Mar, 2022

The United Kingdom has applied to join the Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP), a trade agreement between 11 countries stretching from Vietnam to Peru, including Japan.

Its members contain some of the fastest-growing economies in the world, with an expanding middle class. Asia has taken centre stage to become a key global export destination. Membership of the CPTPP is central to trade strategy and key to ensuring future prosperity and influence in the Indo-Pacific. This partnership is potentially the most important regional trade agreement that the UK will negotiate with wide-ranging repercussions, strengthening of ties with international allies, and signalling commitment to free trade.

eChamber Global is growing and changing the way of global trade!

Be part of the change.
